| <b>Subject:</b> | Iraq military gets advanced Russian air defense                                                                                                                                                              |

---

Whom are they going to shoot down???  
Or is this the Russian way of supplying Isis so they can shoot down American  
planes...???
